Another disagrous blaze occurred year terday, following closely upon the agreement of valuable property was consumed by fire. Milford was the place valuable property was consumed by fire. Milford was the place valuable that time and the damage which was done was of a devoted hashand and kind and effections and the damage which was done was of such extent that it will be units and the damage which was done was of such extent that it will be units and the damage which was done when the first was described that the damage which was done was done was done was done was done was done when the first was described to the first was described was done was done when the damage which was done was described to the first was described to the first was described to the was held by his neighbors and friends was shown by the large, attendance at his function. He leaves a window and five children to mount the loss of a devoted hashand and kind and effective the same was described to the first was describe of such extent that it will be quite a set-back to the business paterns of the thum. In the city As on the previous day the magnitude of which prevailed shrough the day.

Shortly before three o'clock fire wa" dis-

covered in the grass near the big p at of field, were in the city yesterday. pine box boards at the railroad stati 3, so we are informed, by some boys, who ried the city yesterday at the Rangor House. to extinguish it, and fading ran to the cur. Mr W. W Hubbard leaves this morn veyor. They again attempted to put out log to resume his studies at Bowdoin Col-the flames, but the fire spread like a sab lege. to the pile of boards and in a few monerate rouring configuration had been all ted. The boards were piled up very bight toon change. four tracks, making sight tiers, exten ing about a third of a mile and covering six acres. The boards were piled of each side of the thack' so that the could be between the piles. The boards were manufactured to be been

mer, and had been piled there ever aline, company: J. F Bodwell, of Old Town hat there was not a great demand for them hat year, so that they were quite drd, and offered every advantage for a, quic) fire. The wind blew in such a direction triat is went directly through the spross be ween marvellous rapidity. In a very short space of time after the boards had cadeb, fire, the fiames were running a race along the piles, leeping high to the sir, and threwing up a dense amoke. Fortunately the wind blew to a direct on away from the Boltwell companied the party. At Enfield the train stopped long enough to put the engine on the other end and then made the three m le will, the houses of the town, and the Maine Central railroad station, run over what is claimed to be one of the most crocked roads in existence, which was such an interesting sight with its no-merous queves that the rear end of the

Montague is a very thriving place for a village no older and one can hardly believe that but a few years before it was nearly all thick forest. The first thing to be seen on rounding the last ourse and coming in sight of the place was, of course, the large nill, 168 feet long and 80 feet wide, with a aigh tower, which can be seen for some istance, and in the background the Puataquis river, at the foot of whose falls he mill is situated and from which the company obtains its name, the Precatague Falls Pulp and Paper Company.
On arriving at the mill the company disso a rapid rate of speed, which yok it with the Rivals' Company, this begin with a rapid rate of speed, which yok it with the Rivals' Company, this begin withing his memoria. They will don't more was quickly made up, and the tra & war embarked, and guided by the Mesers Montague, the Mesers Mulicu, Mr. Gito Milford in about twenty minutes

All ving at the station the steam or was bert and Supt. J. B Newball, made a trip through the mul, which is one of the and key taken off the train, a line of hore ext need into the river and in a shop time finest in the State and is located where it can obtain all the power it needs. The party started with the logs, mostly aprilled, the water was flying epon the flame! Be- time tween six and seven o'clock the hearts had Manager J M Hill will soon produc all been consumed, and nothing retrained Steele Muchayes "Money Mad" It is of the big pile of boards but ashes. The said to be a new version of "A Noble fire in its progress went throug, the Rogue," which was given in Chicago in graveyard, burning the hearse bottom and July, 1888. Just about ten years ago, too, extended towards the woods, withre it the was tried at the Fifth Avenue, New York and the William of the was tried at the Fifth Avenue, New York and the William of the William stopped, having consumed all the cd hous. York, under the title o' 'Through the tible material. It was not allowed to Daik' Macano has doubtless rovised it spread beyond the line of boards, which kept within the limits in which it was. The burned property was owned by the ollowing firms. Barker & Thacker,

4,000,000 feet; M. G. Gould, Old Town, 1,-500,000 feet; M. P. Wadleigh, Old 'own, 1,700,000; Jordan & Stewart, Old Down, 50,000 feet; J. A. Thissell, Bangor, 30,000 feet Strauton & Engel, Maling & Bodwell and Gould & Smith also had some boards in the piles which were deskpyed. Eight fiat cars loaded with boards which stood between the piles were also consumed in the flames. They belonged to the Maine Central Railroad Cormany presses to remove all the water possible. The loss it estimated at between 450,000 and \$75,000. There was but little insurance, Barker & Thatcher being the only firm as far as could be learned yes arday, which had any insurance.

The loss, coming as it does at the time of the year, will be severely felt, on not only a large amount of valuable property was destroyed but quite a number 1 men will be thrown out of employmed. The shipping of the boards had just begin and there was more demand for them than last was destroyed but quite a number of men will be thrown out of employmed. The shipping of the boards had just begin and the source support of the wise, so the separate support of the wise, so the separate support of the wise, so that in this State when there have a want of the state when there was more demand for them than last year. Upon some of the firms this loss of source of the separate of the separate of the state when there is not stated into by residents will fall quite heavily.
